**Re: MediaTek Inc. v. Freescale Semiconductor, Inc.,  
No. 4:11-cv-05341-YGR (N.D. Cal.)**

Dear Keith:

I write in response to your March 1, 2013 letter concerning the U.S. nexus of certain Freescale products and further to the parties' telephonic meet and confer conducted on March 12, 2013. Freescale has already identified which of the product families listed in your letter of February 17, 2013, have been offered for sale in, and thus have a geographic nexus to, the United States.

MediaTek contends that Freescale must also confirm whether these product families have been sold or made in the United States, but fails to explain why this additional information is necessary to establish whether the identified Freescale product families have a nexus to the U.S. Nevertheless, [REDACTED]
